**Subject:** Remaining Title VI items

Good morning,

We received the agreement between ADEQ and Maricopa County regarding portable sources – thank you!

Any time frame on the remaining two items, the internal public participation SOP and the translation of the Civil Rights page? We want to push OCR to complete the resolution letters within the 3 weeks that they promised, once we have everything.

Also, regarding Hickman, does the Ag BMP program apply to Tonopah and Arlington at all? It looks to me like they are outside of Area A where the program applies. I want to make sure the jurisdiction is clear. Thanks!

Colleen
